Team ID	PNT2022TMID00797
Project Name	Nutrition Assistant Application

Docker CLI Installation:

IBM gave the documentation link, for how to install the Docker and CLI installation. we followed the instructions given by the documentation and we installed the Docker Desktop application.

First to install “Docker Desktop Installer.exe” file from

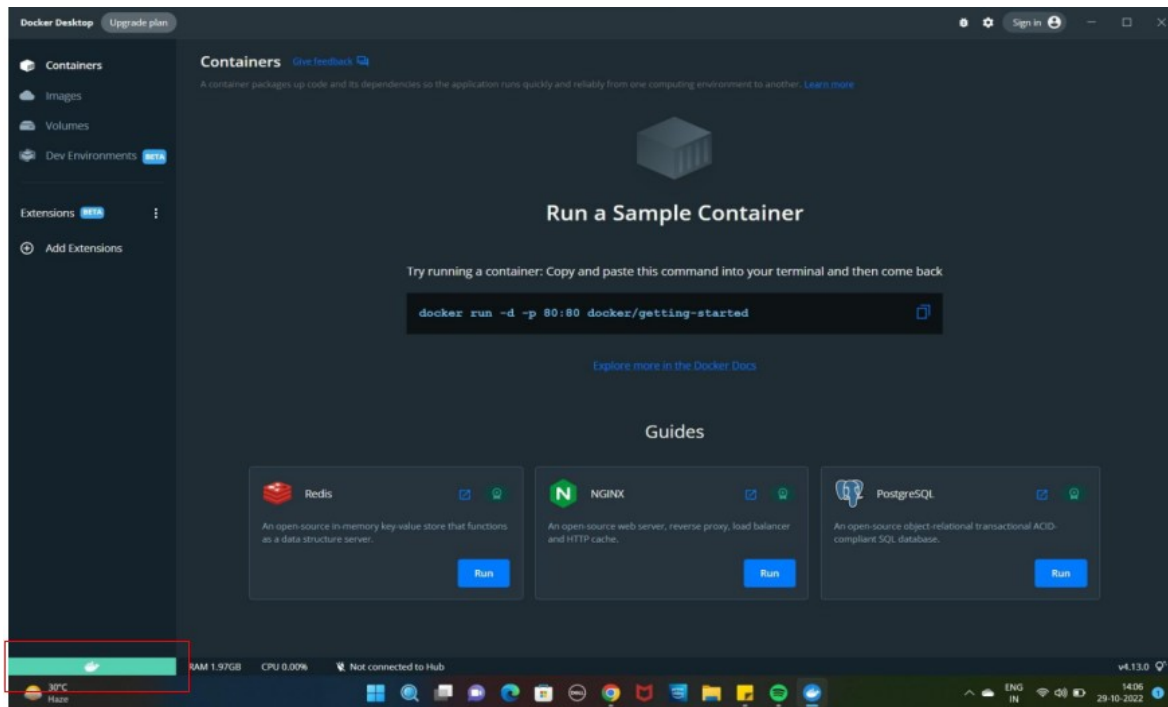

[www.Docker.com](https://www.docker.com) After downloaded the above file, follow the given

below process:

- Double-click Docker Desktop Installer.exe to run the installer.
- Follow the instructions on the installation wizard to authorize the installer and proceed with the install.
- When the installation is successful, click **Close** to complete the installation

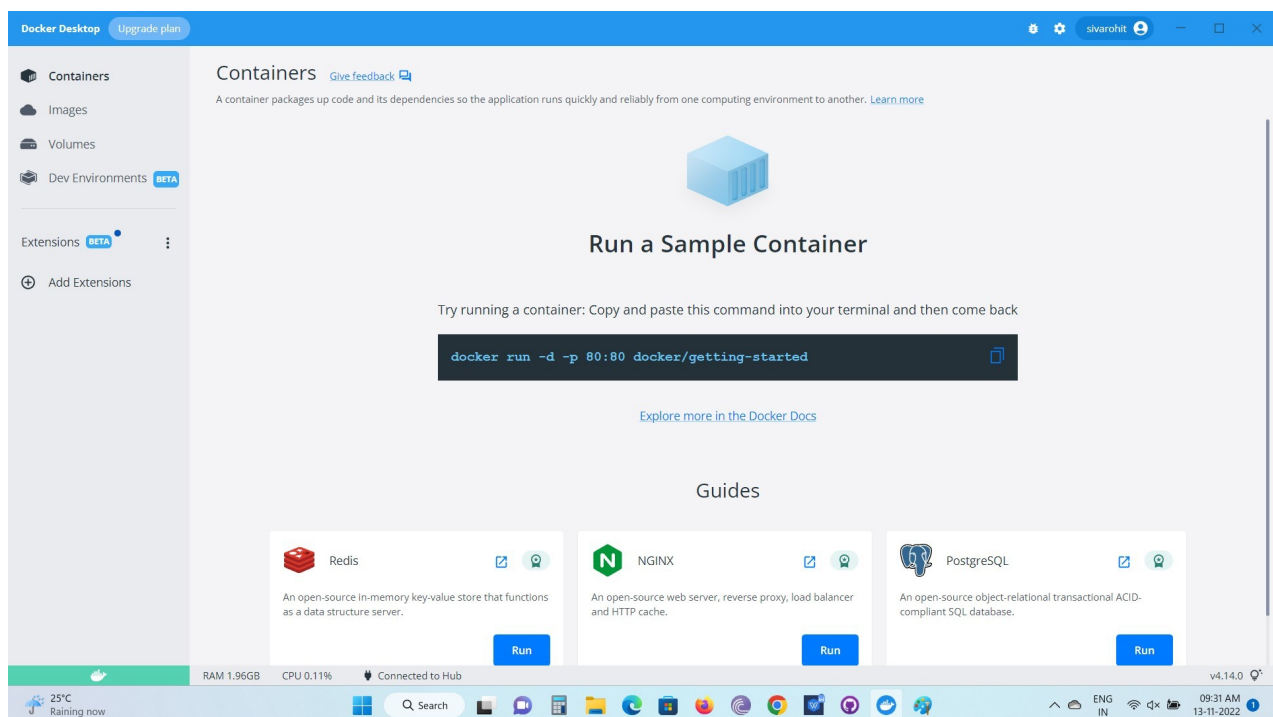

process. Here is the Screenshot for the Docker installation, given

Below

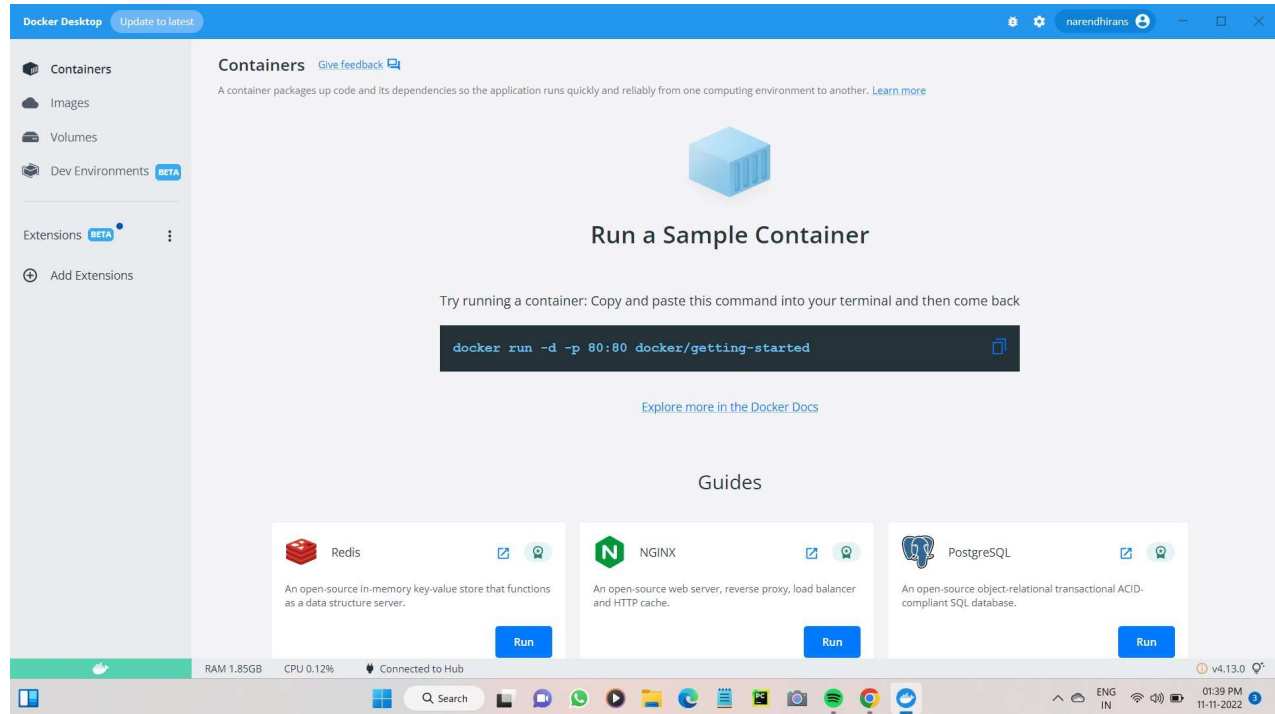

- Marked a small rectangle left corner to showing that the engine is running.
